

FAS Construction in Progress Accounting™

A member of FAS® fixed asset management solutions.

FAS Construction in Progress Accounting lets you take control over your fixed assets even before they become fixed assets. Whether you're assembling multi-component equipment, upgrading machinery, renovating buildings, or just accumulating separate invoices prior to placing a fixed asset into service, FAS Construction in Progress Accounting is the perfect addition to FAS Asset Accounting™.

With multiple levels of detail tracking and numerous built-in reports, you can easily manage and report on unlimited projects—including current project status, actual vs. budget variance, and project details. Plus, with this fully integrated solution your fixed assets are instantly created in FAS Asset Accounting upon project completion.

Setting up your construction in progress tracking system is a breeze.

- Easily manage unlimited projects of any type or size—up to thousands of individual components
- Manage both capitalized and expensed assets for convenient project tracking
- The convenient “Project Snapshot” feature displays key project information at a glance, including budget tracking and project alerts
- Easily accumulate and summarize numerous purchase orders, invoices, receipts, and tasks—including physical components, shipping costs, labor/assembly charges, and unlimited miscellaneous items

(over, please...)

FAS Construction in Progress Accounting™

Project Snapshot gives you an up-to-the-minute overview of how your projects are tracking.

Gain total command over your fixed assets before they become fixed assets.

- Track all of your project details including status, contacts, notes, and all the financials—plus monitor both physical and financial completion status of projects
- Copy, move and split line items to ease expense handling
- Customizable to your business with over 45 user-defined fields covering all levels of detail
- Built-in security settings allow customized user profiles to specific product features and projects
- Consolidated reports offer a broad look at your business across all projects

Seamless integration creates powerful results.

- Seamless integration with the entire line of FAS fixed asset management solutions, including FAS Gov® and FAS Nonprofit™
- After project completion, instantly create new fixed assets in FAS Asset Accounting™—including multiple assets from a single line item
- Point-in-time reporting helps to easily tie out project balances to your general ledger
- Easily import monthly invoicing transactions from your Accounts Payable system to keep your project up-to-date using the convenient “import wizard”
- Create unlimited custom reports on every aspect of your project—including project status, asset financials, and invoice details—with optional FAS Report Writer
